

Thomas McCartney

Managing Director / Urban Lifestyle / Trinidad & Tobago

Tom leads the OBMI Trinidad & Tobago office, bringing a commitment to the evolution of the discipline by generating progressive architecture. His designs are a successful combination of investment priorities, innovative and functional design, and a vibrant pursuit of perfection in the delivery of each project.

Tom's experience of nearly thirty-five years is exemplified by several landmark projects in Trinidad, including the design of shopping centers, residential, and hospitality projects. Lending his expertise to all scales, both big and small, his attention to detail is a hallmark of his designs.

Tom's focus on melding creativity and efficient delivery processes, led him to create the first Caribbean ISO certified consultancy practice. Recognized as a thought-leader, he is a member of BOMA, ICSC, and the Urban Land Institute.
