

Tania C. Garces

Chief Financial Officer / Miami

Tania is OBMI's CFO, managing all accounting functions for the firm. She oversees the day-to-day operations for OBMI offices around the world, monitoring the internal controls and accounting procedures for the effective management of the firm from a financial perspective.

Tania has over 15 years of experience in the accounting and finance fields, exemplified by a high level of professionalism and integrity throughout. Before coming to OBMI, Tania held different accounting positions in the real estate and import/export industries.

Tania is well-versed in the compliance of U.S. and international tax law and audit regulations. She is the cornerstone of OBMI's financial management, with her deep knowledge in analyzing financial information and understanding the controls and procedures for successfully operating a company which is at the forefront of its industry.
